HAWTHORNE'S "SCARLET LETTER" will be the leading feature of next SUNDAY'S WORLD.

To dwell upon the importance and value of this feature is to insult the intelligence of any reader of the English language. Suffice it to say that the story will be fully illustrated, and accompanied by a peculiarly appropriate introduction.

In addition to the above THE WORLD on the same day will print Washington Irving's story of THE LAST DAYS OF COLUMBUS. With this will be a splendid ART SUPPLEMENTa reproduction by Gribayedoff of the famous picture showing Columbus before the Court of Queen Isabella. The effect of this picture, which is 12x16 inches in size, is that of a valuable etching.

The sales of the SUNDAY WORLD for the past six weeks have increased remarkably. Every Sunday has seen a big gain over the issue for the previous Sunday.

Next Sunday will be no exception.
